

# Habits of the Heart

---

## *Acquisition of Wisdom – Getting What I Need Most*

### I want to:

- Go to bed no later than 11:00 pm on weeknights
- Spend time in God's Word daily
- Memorize scripture
- Read through the Bible each year
- Pray daily with my wife
- Finish well in the ministry where God has me now.
- Review my Life Development Portfolio monthly and annually.

### My Core Work:

As an Elder in the local church I see my core work as a shepherd to God's people. I am to teach the Word of God accurately and rebuke any false doctrine. I am to care for the people of our church family and those within the community God has placed me in. I am to put the needs of my church family above my own personal needs when situations require it. I am to love people and show them grace, drawing them into a relationship with Jesus Christ.

### My Mentors:

#### Charlie Hornick

He has been a life mentor. He is the one I have looked to for guidance on many decisions, ministry questions, and leadership. He is one who has been a life coach for me, he has been my Paul in the faith and I feel blessed to have known him and learned from him.

#### John Obrecht

He helped me a great deal in camping ministry. He has guided me and held me accountable in my marriage and work habits. He will continue to be one I seek for life balance and direction.

#### Don McReavy

He has helped me discover God's Word and directed me to go deeper. I have sought his leading in my study of the scriptures and teaching them. He is one I have put myself under during my Antioch education.

#### Charles Swindoll

I enjoy studying his books and I am encouraged in ministry through his teaching and preaching.
